**Civic/Social Affiliations:**

SiS (Sister's in Serenity) Women's Ministry

Feb 2009 - 2017

Flowers-Williams Foundation

Nov. 2015 - Present

**My mission** is to be able to help educate residents and families and allow them to feel at ease as they begin to walk the journey of needing a higher level of care, either in Assisted Living, Assisted Living Memory Care, Short Term Rehab or Long Term Care Nursing.

**Personal:** There are a couple of reasons **WHY** I wanted to work in healthcare in the senior living community. One is because I grew up with my father in a nursing home and secondly my grandmother helped my mother raise my brother and me, so working here at Riderwood is truly a blessing to me.
