Life Ledger

This Life Ledger is for your vital information to be shared only with people you trust such as those having responsibilities for working on your behalf should you ever become physically or mentally incapacitated or in the event of your death.

Examples: loved ones, Power of Attorney, Executor of your will.

It is printed out here only as an example for class. Do NOT fill this paper version out. Your handwriting may not be legible. There is no room for your responses on these pages.

You will find a digital version of Life Ledger posted on www.RiderwoodLife.org/caring-connections/ as a template.

There download the digital version of Life Ledger onto your own computer. This document will expand as you add in your responses. Put it in a safe place on your computer.

Also keep a paper copy in a safe place but NOT in a safety deposit box.

Update it yearly or as changes in your circumstances / consultants etc. occur.

Note: This downloaded document was created in Microsoft Word as a .doc file which is compatible with any other version of MS Word.

If you use Apple Pages for Word Processing, this Word document will still work.

Open Pages and then click File / Open... A directory pop-up window appears. Choose the location of Life Ledger and click on the file name Life Ledger.
